

# How to Utilize Technology in Your Student Council

Roundtable led by:  
Michaela Brown and Sam Puja of the  
New Jersey Association of Student Councils

Discussion Topic: We are living in an age obsessed with the ease and instant satisfaction of technology. The internet has become an essential tool in developing successful businesses and organizations. Teenagers spend on average eleven hours a day using some form of technology. How can your Student Council utilize the endless opportunities technology has to offer?

## Facebook:

- Facebook Events
- Facebook Groups
- Pros and cons of putting your Student Council on Facebook
- Other

## Twitter:

- What are the benefits of having your Student Council on Twitter?
- How do you publicize your Student Council's Twitter Account?
- Other

## E-mail:

- Is E-mail an effective form of communication to use between your Student Council and its members?
- Pros and cons of having a Student Council E-mail
- Other

## Dropbox:

- What is Dropbox?
- Will having a Dropbox account help your Student Council to work more efficiently?
- Pros and Cons of Dropbox
- Other

Does your Student Council use any other form of technology to contact members, spread its message, or contribute to the success of your organization?
